

Prep/Year 6 Buddy Program

This successful Prep Buddy program commences at the beginning of the prep year and continues throughout the first year of school.

This program gives the younger and older children a special bond of friendship, creating a safe environment for the younger children and leadership role for the older students.

The Year 5/6's and preps undertake a variety of activities once a week which include getting to know you, computer activities, maths and literacy tasks, puzzles and craft activities.
